PEWs Relationship with Honda Tsushin Kogyo Co., Ltd. And Transfer of some Connector Products

PEW and Honda Tsushin Kogyo (HTK) entered into a business alliance in April of 2008, in which PEW purchased a 20% ownership stake in HTK. As part of this agreement, the two companies will work together in some areas of Connector products.

On October 1, 2009, the Connector Division of PEW will be transferring some non-focus connector products to Honda Tsushin Kogyo Co., Ltd. These products will be sold under the "Honda Connector" brand, and will no longer be regarded as a Panasonic product..

These products will not be stocked by PEWA Distributors, and will not be actively promoted by PEWA. Should there be a specific business need to sell these products, prior PEWA management approval is required.

Transfer of Certain Connectors to Honda:

Products to be transferred :

- ① R type sockets for SD memory card (SDIO compatible)
- ② **Mini** 11-pin I/O connectors
- ③ **IC sockets** for SOP/SSOP
- ④ **IC sockets** for FLGA
- ⑤ Sockets for **camera module**
- ⑥ System connectors for **W-CDMA** (specific customers only)
